SINTEX
ACTIVE THINKING

Sintex products for electrical applications are made from composites and by utilizing processes of Compression Moulding of SMC (Sheet Moulding Compound) and Pultrusion. For decades these products were made out of Metal in India. While world was shifting to better substitutes, Metal conducts electricity and in case of current leakage, results in electrocution, accidents and even death.

Sintex spotted this opportunity and brought to India 100% Safe Products for Electrical Applications

Product Range :

- LT Distribution Boxes
- LT CT Meter Box
- SMC Junction boxes
- FRP Fencing (Sheet Moulded Compound)
- FRP Ladder
- SMC Chequered Plates
